Greetings all

We are almost to the end of Spring, and what a beautiful time of year to see the beauty and colour as everything comes to life following the cold winters, especially down south.

It was encouraging to receive positive feedback on the suggestion of making *Christmas Care Angels*, so hopefully there have been many busy hands.

Already we are seeing the commercial signs of Christmas. As Christians it brings a special meaning where God showed great love for us by giving the gift of his son Jesus. It is meant to be a time of joy and celebration with family and friends.

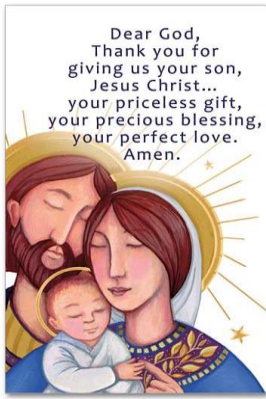

However, for many with varying circumstances, this will not be the case. Through Mothers Union it is important we reach out to people within our Church and community to make a difference in some way whether it be helping with food hampers, providing Christmas gifts for all ages or care packages to those whose lives have met with diversity. It may even be by hosting or assisting with a Christmas day meal.

Is your Branch organizing an event to observe the *16 Days of Activism*? Please promote this service within your community by contacting the media, welfare & support agencies, Police, who have domestic violence units, pastoral care units in your Hospitals. Maybe invite a school choir to sing. Many of these deal with victims every day, in work and school environments. As Mothers Union we need to show our concern, love and support.

THE GOAL AND CHALLENGE

To create a greater awareness of God's love for everyone, as well as the work of Anglican Mothers Union Australia not only in our Church but also the community through promotion & development.
