

MU Australia - Diocese of Tasmania

Welcome to MU in Tasmania, Australia's most compact State and Diocese, it is an island of great diversity and those who live in Tasmania are enthusiastic about our home; from the wilderness of the South West to the rich farming areas of the North West Coast, from the mining in the West to the ecologically sound hydro-electric scheme of the Central Highlands, to the fishing ports in the East, Tasmania is a great place and our members are always willing to welcome visitors.

Diocesan President - Jenny Archer

Our history commences in 1892 only fifty years after the founding of our diocese. A small group of ladies met on the Verandah of the Rectory at Cullenswood under the enthusiastic leadership of Mrs L'Oste and founded MU in Australia (then the MU). Today we are a proud part of this nationwide and worldwide organisation.

Tasmania is a compact diocese (with a population of only about 500,000). This enables our members to meet together without the 'tyranny of distance' suffered by members in other dioceses as we play work and enjoy fellowship together.
